

# THE LITTLE FENLAND ECO SHOP

## Quick guide to refilling

Bring your own **clean, empty containers**, or use our **paper bags**

Use our **self-serve scales**, or ask us to help out :)

**Prices are per 100g**, but you can buy as little or as much as you like!

## How it all works!

We love refilling and reusing, so you're very welcome to bring along your own clean, empty containers.

Glass jars, reused tubs, bottles, flour bags, or takeaway pots are all perfect.

Forgot to bring something? No problem at all, **paper bags are available in store**.  
(They don't work so well for freshly ground peanut butter, so a jar is best for that!)

We use a **simple self-serve weighing system**, which means you're free to weigh your containers, fill them up, and only pay for what you need. If it's your first time, or you'd just rather not do it yourself, we're always happy to **help, fill, and weigh everything for you**, just ask. Please note that during busier times you may need to wait a short while for assistance.

## Organic vs Standard

Some products appear only in the Organic Column, that's because the price difference was so small that it made sense for us to stock organic only, leaving us shelf space for other yummy products!

Where products appear only in the Standard Column, the organic alternative was significantly more expensive and not something we felt we could offer at a fair price.

## Questions?

If you have any questions at all, feel free to:

Email us at [littlefenlandeco@outlook.com](mailto:littlefenlandeco@outlook.com)

Message us on social media [@thelittlefenlandecoshop](#)

**Pop in store** for a chat! :)

Please note; due to the unpacked nature and handling of our produce, we are unable to guarantee that cross contamination from other allergens in the shop does not arise.

We therefore recommend that our products are not suitable for people with severe allergies or sensitivities.

Please thoroughly wash and dry your containers prior to bringing them in store to be refilled. The Little Fenland Eco Shop does not accept any liability for any contamination from previous products held within your containers.

All containers purchased at The Little Fenland Eco Shop are new and unused. The Little Fenland Eco Shop cannot accept any liability caused by decanting into customers own containers.

Please ensure that refilled cleaning products are clearly labelled and kept out of reach of children and animals.

The Little Fenland Eco Shop can provide additional Safety Labels for containers you may wish to decant into if required.
